

The *new* face of Big Tobacco

Say NO to Big Marijuana in New Zealand

Same corporates.
Same objectives.
Same addiction.
New product.

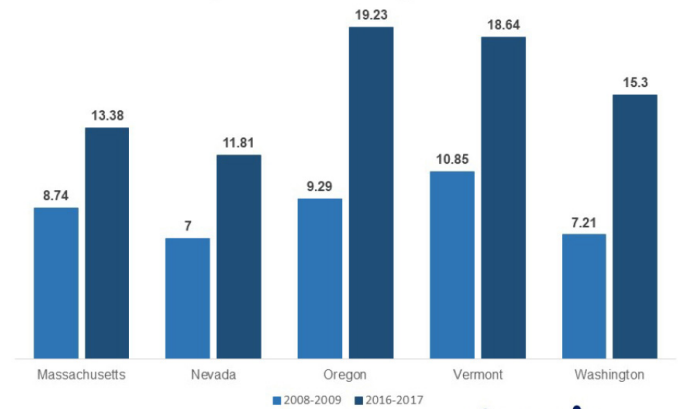

DOES LEGALISATION INCREASE USE?

Some drug advocates try to argue that legalisation of marijuana will not result in an increase in use. Nothing could be further from the truth.

The 2016-2017 *National Survey on Drug Use and Health State Estimates* illustrates findings from this annual survey – conducted by the Substance Abuse and Mental Health Services Administration. (Numbers in graphs are percentages)

The statistics speak for themselves.

Past Month Marijuana Use in Legal States, 2009-2017

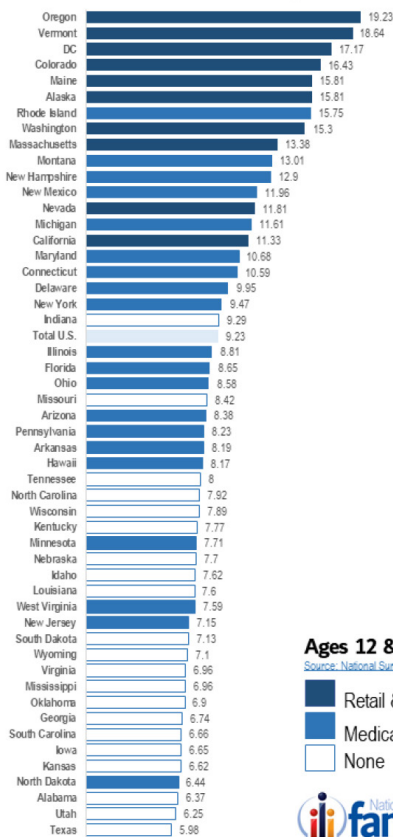

Ages 12 & Older
